

## Acne Package

Do you or a loved one suffer from breakouts due to acne? Embarrassed by ugly, red blemishes that can't be hidden by make-up? Have you tried many different products but none seem to help? If you are in search of clear, beautiful, healthy looking skin BioJuvenate has developed a highly effective acne solution that really works. With consistent use of our aloe-vera-based product line, you will experience renewal of your skin, often observing visible improvement after only 10 days. BioJuvenate Engineered Skin Care products are extremely concentrated and typically each product will, with daily use, last for 60 days. \*When you purchase this entire system you'll also receive as a bonus our Blemish Control Masque (a \$24 value) as a free gift. All BioJuvenate Engineered Skin Care products offer a 100% money back guarantee so you can try our "No Problem" Acne Solution at no risk.

### "No Problem" Acne Solution Package

First begin by cleansing with our very effective Active Cleansing Gel.

Secondly, exfoliate and refine with our famous Pineapple Enzyme Scrub which uses the latest technology employing Bromelain enzyme and Jojoba beads.

Thirdly, tone, firm, tighten pores, and smooth appearance of skin with our very effective pH balanced Eucalyptus Astringent Toner that helps to fight bacteria, to reduce oil secretion, and dry up blemishes.

Next, nourish your skin with our oil-free Fruit-Enzyme Serum which is a unique natural enzyme system which loosens blackheads and exfoliates other debris that clog pores.

If your skin is feeling dry, moisturize with our Vitamin B Cream. This highly effective, yet very light, day cream is great for oily, blemished and problem skin. A complex of natural botanical extracts, vitamins, and amino acids help to moisturize and balance the skin, while natural Vitamin B Complex (Yeast Extract) helps to regulate oil gland secretion to reduce the possibility of clogged pores, inflammations, and breakouts associated with oily skin condition and the use of make-up.

**Bonus:** For those times when you are having a severe breakout, we have developed Blemish Control Masque. This traditional European mask is exceptionally deep cleansing and purifying treatment especially for oily and blemished skin.

  
**BIOJUVENATE**

## Skin Regeneration

Clean and moist is just the base. Feed your skin and encourage cell regeneration.

### Moisturization and Hydration

After stimulating cell regeneration, you must moisturize and hydrate to protect against environmental factors.

### Exfoliation

Cell regeneration causes dead skin cells that must be exfoliated and day to day pollution must be removed.

### How To Be Most Effective

It's not just what product you use, but also how it is applied and when.

### Ingredients Make a Difference

The ingredients that really make a difference and what should you be looking for in your skin care products.
